On my first taking it, it increased the expectoration, and I raised a great dea of bloody matter from my lungs. But that has now ceased, and so has my cough, nearly. I cough but little now, and expect soon to be entirely free from it. I consider it an invaluable medicine, and shall recommend it to all who are af-

HARDWARE AND CUTLERY, FALL STOCK FOR 1852 THE undersigned are now in receipt of their entire stock of HARDWARE and CUTLERY for the Fall Trade, and in calling the attention of the merchants of Tennessee, Kentucky, and North Alabama, to their stock now in store, they feel confident that it will be found to compare favorably, both as to quantity and assortment, with that of any other House in the country.

Experience has already demonstrated to the satisfaction of a large majority of dealers in this section of the country, that in the article of Hardware at least, the Nashville mar-ket is preferable to those of New York and Philadelphia; for the simple reason that this description of goods will not bear the heavy expenses of transportation which must necessarily accrue when brought through by canals and rail-roads. The undersigned are also enabled to place their customers on an equal footing with those purchasing in any other market, from the fact that their European goods being all imported direct from the manufacturers by way of New Orleans without touching New York, thus enabling them to of for their goods at a small advance on importation cost.

Merchants, Blacksmiths, Carpenters, &c., visiting Nashville are invited to call and examine their stock before pur-Feathers, Wool, Beeswax and Ginseng received in ex-change for Hardware and in payment of debts at the high-est market prices. FALL & CUNNINGHAM.

Bills always mcderate. jan22 IN GREAT DEMAND. W E are supplying as fast as we can manufacture them, the popular Wrought Iron Cooking Stove called THE TENNESSEAN, and we offer the following good and sufficient reasons why

it should be in every family in the South: 1st. It is of Southern manufacture, being made by the subscribers in the city of Nashville. 2nd. It is of such durable materials that it must out last three or four cast iron stoves. 3rd. It is more complete in its cooking apparatus than

any cast iron cooking stove.

5th. Its economy of fuel is such, that it does not use half as much fuel as a cast iron stove of the same size. 6th. In economy of time it is important, as it can be heated ready for cooking in a few minutes. 7th. Its uniform regularity, as every part of the stove is equally heated at the same time.

8th. Its perfect reliability, as we have put up over 400 of them in this State, and no one has ever failed to give entire satisfaction. The Tennessean has now been before the public for five years, and if not as new as some, it has another advantage quite as great, viz. a well earned reputation and a rising credit. It has been doing the work of many hundreds of families for several years, and it may be said, TO HAVE ES-TABLISHED ITSELF IN BUSINESS. Competition and change have done it no hurt. Like an old and well known trading house that retains its regular custom, while new ones are springing up around it, so this stove has held on its way. No stove could thus steadily and permanently prosper, that has not sterling qualities-the true element of success. The Tennessean started on right principles, and has had no occasion to stop for improvements. Those who have used it, are determined still to use it, without modification or change. It is brought forward as the same substantial,

for our establishment the reputation it enjoys; of keeping the best cooking stoves in the market. SNOW, MACKENZIE & CO. DE BLESSOE: -- I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stemach and bowels, your Alterative Compound, as a very sepersor medicine. DR BLEDSON — Some time has elapsed since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from despension. I had tried of several whom I thought to be from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

Dr. Blenson—Having seen the publication of your Alterative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would are HUNTSVILLE, Sept. 29, 1851. ven by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has
